

California OES Weather Threat Briefing

Monday, October 14, 2019
9:00 AM PDT

-
- **Day 1:** No significant weather or water hazards expected

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

10/14/19 - 10/20/19

Monday

- No significant weather or water hazards expected

Tuesday-Wednesday

- Drier and warmer conditions, combined with weak to locally moderate offshore flow, will bring elevated fire weather conditions to portions of Southern Region on Tuesday and Wednesday.
- A cold front will bring precipitation to the northern third of the state on Wednesday, especially in the Coastal Region, but no significant impacts are currently expected.

Thursday-Saturday

- A series of cold fronts will continue to bring periods of precipitation to the northern half of the state, but no weather or water impacts are currently expected.

Sunday

- Critical fire weather condition could develop Sunday across Southern Region and continue into early next week, especially for the mountains and valleys.
